

MILITARY HEALTH SYSTEM MHS GENESIS

Information for Barquist U.S. Army Health Clinic Beneficiaries

COMING TO BARQUIST MARCH 25, 2023

MHS GENESIS is the new electronic health record for the Military Health System (MHS). It integrates inpatient and outpatient electronic health records across all military hospitals and clinics worldwide. You will be able to access your health records from any military health facility from anywhere at anytime. Barquist will transition to MHS GENESIS March 25, 2023.

How does this affect your access to health care?

As we transition to the new electronic health record system, our providers and staff will need time to adjust to the new work flows, procedures, and processes. *To continue to provide you with safe, quality care during this transition, you may experience delays.*

During this time, you can expect to experience:

- Extended time with your Provider
- Increased wait times for Pharmacy services
- Reduced appointment availability
- Increased wait times for Lab & Radiology results

How will MHS GENESIS improve your overall experience?

MHS GENESIS allows you to securely access your electronic health records 24/7 and exchange messages with your military health care team *when and where it's convenient for your schedule*. It provides more efficient management of chronic, complex, and time-sensitive health conditions; provides automated, real-time clinical decision support for health care teams; and increases patient engagement capabilities that allow patients to communicate directly with providers.

How do I access the MHS GENESIS Patient Portal?
